

# BAAKA PROJECTS

## COMMERCIAL STEEL FABRICATION & INSTALLATION

STRUCTURAL STEEL | ARCHITECTURAL STEEL | COMMERCIAL METALWORK

A FULLY OWNED  
INDIGENOUS  
AUSTRALIAN COMPANY

### COMPANY PROFILE

**Baaka Projects** is a fully owned Indigenous Australian steel fabrication and installation company delivering structural steel, commercial metalwork, and premium architectural steel solutions across a diverse range of construction projects.

Our team understands the demands of the commercial construction industry and the importance of delivering work safely, on time, and to specification. We pride ourselves on maintaining clear communication throughout every stage of a project while consistently producing high-quality workmanship that complies with project requirements and Australian industry standards.

Operating from our workshops, our experienced team provides the flexibility to respond efficiently to projects of varying sizes, with the capacity to scale our workforce as project demands require.

As a fully owned Indigenous company, **Baaka Projects** is committed to creating opportunities, supporting local communities, developing Indigenous employment, and delivering long-term, sustainable outcomes for our people and industry partners.
